STATE OF MINNESOTA  
CAMPAIGN FINANCE AND PUBLIC DISCLOSURE BOARD

COMPLAINT FOR VIOLATION OF THE CAMPAIGN FINANCE  
AND PUBLIC DISCLOSURE ACT

Introduction

This complaint alleges a violation of Minnesota Statutes §10A.01 subdivision 18 by the Minnesota DFL Party, DFL Senate Caucus, DFL endorsed Minnesota Senate District 24 candidate Vicki Jensen, and the Vicki Jensen for Senate committee and/or its agents (collectively referred to as Respondents). On or about September 29, 2012, the Minnesota DFL Party disseminated campaign materials in support of the Vicki Jensen campaign. The purported independent expenditure was made with the express or implied consent, authorization, or cooperation of, or in concert with or at the request or suggestion of the DFL endorsed Senate District 24 candidate Vicki Jensen, her principal campaign committee Vicki Jensen for Senate, and/or its agents (collectively referred to as Jensen). Respondents have violated Chapter 10A, the Campaign Finance and Public Disclosure Act by disseminating campaign materials as independent expenditures that were, in fact, not independent of Jensen.

Facts

Vicki Jensen is the DFL endorsed candidate for the Minnesota Senate in Senate District 24. On or about September 29, 2012, the Minnesota DFL Party disseminated literature by U.S. Mail to influence voters to support the Vicki Jensen campaign for Minnesota Senate District 24. *See*, Exhibit A. Several photographs of Vicki Jensen appear on the literature. *See*, Id. The disclaimer identifies the literature as an independent expenditure prepared and paid for by the Minnesota DFL Party. *See*, Id.

Argument

An independent expenditure requires that the expenditure be made “without the express or implied consent, authorization, or cooperation of, and not in concert with or at the request or suggestion of, any candidate or any candidate's principal campaign committee or agent.” Minnesota Statutes, §10A.01, subd. 18. The Board has emphasized that there must be a high wall of separation between the party unit and its candidates if the party unit's expenditures are to qualify as independent expenditures. *See*, Findings and Order in the Matter of the Complaint of Bob Murray regarding House District 54A Republican Party of Minnesota and Citizens for (Mark) Fotsch.

It is apparent that all of the photographs in which Vicki Jensen is a subject in the literature were taken with the active participation of Ms. Jensen. *See*, Exhibit A. Searches for photographs of Vicki Jensen, including her official campaign website, facebook, flickr, and google images, reveal that photos used in the purported independent expenditure are not publicly

available. See, Exhibit B, C, D, and E. The Minnesota DFL Party's use photographs that are unavailable to the general public is strong evidence that the expenditures were made with the express or implied consent, authorization, or cooperation of, or in concert with or at the request or suggestion of Jensen. The Minnesota DFL Party did not maintain the necessary high wall of separation from Jensen. As a result, the expenditures do not qualify as an independent expenditure and should be found to be in violation of Minnesota Statutes, §10A.01.

The criteria for independence cannot be maintained even if the photographs are remotely available. The Board has found that it does not require active approval of the expenditure by a candidate or agent to defeat the independence requirement. See, Findings and Order in the matter of the complaint of Arvid Dixen regarding Philip Krinkie. Even implied consent, resulting from action or inaction, can change the character of the expenditure to an approved expenditure. See, Id. In the case of the photographs of Vicki Jensen, if the photographs are publicly available they are in an obscure location, and it would require the Minnesota DFL Party or the DFL Senate Caucus to get implied consent, authorization, or cooperation of, or action in concert with or at the request or suggestion of Jensen to locate them. Therefore, even if the photographs are available in some form, approval or acquiescence, defeating independence would still be required from Jensen for the photographs to be placed in the possession of the Minnesota DFL Party.

Further evidence that the expenditures were made with the express or implied consent, authorization, or cooperation of, action in concert with or at the request or suggestion of Jensen is evidenced by the staged photographs. The DFL Senate Caucus reported spending \$547.99 on camera equipment in the month of June. See, Exhibit F. The facts suggest that a DFL Senate Caucus or DFL Party representative met with Jensen to coordinate efforts on supposed independent expenditures. The necessary high wall of separation simply cannot be maintained when representatives of the DFL Senate Caucus and the DFL State Central Committee are literally in the room with Jensen as the purported independent expenditures are being produced.

#### Conclusion

Photographs of Minnesota Senate District 24 candidate Vicki Jensen are on campaign material identified as independent expenditures approved and paid for by the Minnesota DFL Party. The facts demonstrate a coordination of effort between Jensen, the DFL Senate Caucus and the Minnesota DFL Party. As a result, the expenditures do not qualify as an independent expenditure and should be found to be in violation of Minnesota Statutes, §10A.01. It is requested that the Board provide appropriate relief and penalties as prescribed by law.

If you have not met me, I am Vicki Jensen, candidate for Senate District 24. The district includes cities and townships in Dodge, Rice, Steele and Waseca counties.

I'm an independent insurance agent and operate Jensen Agency-Insurance Brokers along with my husband, Trevor. We live in Owatonna and are raising our three children. Miranda attends Winona State University, Ryan begins classes at Rochester Technical College this fall and Benjamin is an active second grader.

As a school board member, I'm working hard for Owatonna School District families and the taxpaying community to ensure there is accountability in publicly-funded programs. My conversations with students, parents and community members about their concerns for what the budget cuts we needed to make this year and what they would mean to their future will always stay with me. I will take those conversations to St Paul. Our students deserve the time and commitment it takes to ensure we can find a long term funding solution for our schools.

As the chair of the public policy committee at the legislative actions do not reflect these values. I will work hard to restore balance and chamber of commerce, I worked hard for business owners by reviewing local, state and national business policies. I ensured we were not just opposing things but taking an active role in finding solutions. As tri-chair on the city efficiency task force, we were able to review the city budgeting process and bring lean government practices to the city. Greater Minnesota has been impacted with higher burdens in property taxes due to the cuts to Local Government Aid and the elimination of the Market Value Homestead Credit. Property and business owners deserve someone dedicated to and willing to work hard on finding solutions to the rise in our property taxes.

I am running because I appreciate what life in our district has always offered; a great place to raise a family, sustained employment, the benefits of first-rate education and strong communities. Recent fight to get things accomplished for our communities and our state.

I am eager to hear from you. Please contact me with any concerns, questions or ideas you have.

### Innovate and Improve Education

To get and keep the qualified and energetic teachers we all want in our classrooms we must create an evaluation system that measures teacher performance and collaboratively fosters exceptional teacher and staff performance. The right training, the right support, and the right measures make a formula for success in our schools. We can do no greater good for our generations to come.

Creating an outcome based solution in partnership with business, universities and vocational institutions to maximize our students' success and our tax dollars, is an essential ingredient to keep our great state a vibrant and strong economy. Investing in our kids, here in greater Minnesota! If we put time, energy and resources into all of our students, our communities will attract more businesses and take advantage of that talent and foster a vibrant and strong economy.

Education starts with the basics and the sooner kids get on the right track the more successful they will likely be. That's why I support all kindergarten and early childhood development. These are long term investments that make for stronger communities.

### Strengthen Local Business

Local business owners are risk takers who step out to create a product or service. When they are successful they will create jobs. I support reasonable risk and remove barriers to success by:

- Creating efficient regulatory processes
- Encouraging community development
- Investing in modern infrastructure
- Providing incentives to new businesses to get up and running

When we think about running the government like a business we need to make more than ever, investments in our state that will encourage growth in our business through things like:

- Vocational and technical education for an ever changing workforce.
- Health care reforms that create real value to both our citizens and our businesses.
- Transportation and energy policy that creates a connected community in greater Minnesota.

### Empire Efficiencies in Government

As a small business owner, and tri-chair of the city efficiency force, I know there are many aspects of government which can be more like a business. Capturing efficiencies where ever possible

## I reject negative campaign strategies.

10/05/2012

0 Comments

As we face less than 35 days until our elections, I am witnessing the presence of interest groups from outside our district increasing their messaging here. I, myself, have now been the subject of at least three negative attack ads. For those of you who know me and are getting to know me, you have expressed anger about such negative and inaccurate information being spread throughout our district.

Please know that I absolutely reject any of these personal and negative campaign strategies toward myself or used against my opponent. They are insulting to voters' intelligence and degrade our entire democratic process. My campaign will continue to address the issues that matter to this state through a respectful, though sometimes robust, conversation.

I know and love this district. I am running to be your state senator to bring YOUR voices to St. Paul. The more we all become involved, the less impact these outside groups have on our decisions here in our communities. But I need your help in reaching out to the voters of Southern Minnesota, re-engaging them in the election process. Please consider calling a list of voters, dropping off literature, passing on my web page info, posting a yard sign, or bringing a friend to one of the upcoming forums so he/she can learn more about how the RESIDENTS of District 24 can take back this great place we live and have real representation in our state legislature.

## Head, Heart, Hands and Health

07/18/2012

Minnesota has had a long history with county fairs and the healthy spirit of competition it represents through the judging of 4-H projects. I love to walk through the 4-H buildings and see the projects completed by the youth in our communities.

It has been enhanced now as Benjamin, our youngest, has decided 4-H is something he would like to be part of. Trevor had a great time at the Waseca county fair explaining all the projects he completed and all the activities he participated in when he was a member of 4-H. From the softball games to the state fair and everything in between. It is these kinds of organizations that bind us together and help us remember where we came from.

The motto itself is inspiring. I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service, and my health to better living, for my family, my club, my community, my country and my world.

I think it is very fitting that Minnesota was one of only two states that added "my family" to their pledge. Do you know the other state?

## Show Your Colors

06/26/2012

0 Comments

In Minnesota women of the suffrage movement were encouraged to "Show Your Colors!" by wearing bright yellow ribbons, the suffrage color. In 1914 the Minnesota suffragists planted yellow flower gardens to keep the movement alive during the summer.

That is why I chose the color yellow to represent my campaign. The color yellow represented sunlight and enlightenment. The National Woman's Party official motto was "Forward Into Light".
