MINUTES (June 7, 2023)

The following motion was made:

Member Flynn's motion: To approve the June 7, 2023, minutes as drafted.

Vote on motion: Unanimously passed.

MINNESOTA CHAMBER OF COMMERCE LAWSUIT

Assistant Attorneys General Janine Kimble and Matt Mason joined the meeting by Webex. Ms. Kimble stated that she, Mr. Mason, and Mr. Hartshorn will be representing the Board in the federal lawsuit filed by the Minnesota Chamber of Commerce. Ms. Kimble said that the complaint was served on the Attorney General's Office on July 3, and in response to a question from Member Leppik, stated that a responsive pleading is due within 21 days. Mr. Hartshorn explained how the Attorney General's Office anticipates interacting with Board staff and Board members as the litigation proceeds.

CHAIR'S REPORT

2023 meeting schedule

Mr. Sigurdson will work with Board members after the meeting to set a meeting date for August.

EXECUTIVE DIRECTOR'S REPORT

Mr. Sigurdson presented members with a memorandum that is attached to and made a part of these minutes. Mr. Sigurdson reviewed the proposed operational budget for fiscal year 2024, which is a 71%

Page 2 Draft Minutes July 6, 2023

increase compared to fiscal year 2023. Mr. Sigurdson said that the increase is accounted for largely by new staff and by improvements to the Board's information technology resources.

Mr. Sigurdson stated that the line-item for professional technical services includes the migration of the Board's servers to a cloud server, development of real-time geographic mapping on the Board's website for information filed with the Board, analysis and improvement of the Board's IT security, general improvements to the Board's website including accessibility, and development of online registration systems for the lobbying and campaign finance programs.

Mr. Sigurdson stated that the line-item for computer systems and services represents the annual cost of hosting the Board's servers on the Azure cloud. Mr. Sigurdson said that the line-item for employee development is higher than normal because of the need for IT training classes. Mr. Sigurdson explained that the line-item for state agency provided tech services includes services to be provided by MNIT separate from those available from outside vendors. Mr. Sigurdson stated that the line-item for centralized IT covers the cost of hosting the Board's website, email network, and VOIP phone system.

The following motion was made:

Member Leppik's motion: To approve the proposed budget for fiscal year 2024.

Vote on motion: Unanimously passed.

ENFORCEMENT REPORT

A. Consent Items

1. Request to withdraw lobbyist registration of Lilly Sasse (5268) for principal We Choose Us (8049)

Ms. Sasse is requesting the withdrawal of her registration for principal We Choose Us. She unintentionally registered for this principal not realizing it was unnecessary as she is registered as a lobbyist for ISAIAH. We Choose Us is a project of ISAIAH and is not a distinct legal entity. Ms. Sasse and Brian Kao appeared before the Board by Webex to briefly explain the request.

2. Request to Withdraw Lobbyist Registration of Patricia Torres Ray (5300) for PTR Associates LLC - Patricia Torres Ray (8067)

Ms. Torres Ray is requesting the withdrawal of her registration for principal PTR Associates LLC - Patricia Torres Ray. Ms. Torres Ray registered for this principal, not realizing that she instead needed to register as a lobbyist for the individual entities that are paying for her services. Ms. Torres Ray has since registered as a lobbyist on behalf of 11 separate principals.

B. Discussion Items

1. Balance adjustment request – Itasca County RPM (20213)

The party unit's new treasurer discovered a cash balance discrepancy. The discrepancy appears to be largely attributable to reporting errors within the 2020 calendar year but the party unit is unable to find the precise source of the discrepancy. The balance in the party unit's bank account at the end of 2021 was \$14,185.05, \$782.50 more than the amount reported to the Board. Currently there is a discrepancy of \$713.33 between the party unit's reported 2022 ending cash balance and the balance in the party unit's bank account. The party unit is thereby requesting an upward adjustment of \$713.33 to its reported 2022 ending cash balance, changing the balance from \$1,385.78 to \$2,099.11.

The following motion was made:

Member Swanson's motion: To approve the requests stated in consent items 1 and 2 and

discussion item 1.

Vote on motion: Unanimously passed.

REVOCATION OF ADVISORY OPINIONS

Mr. Sigurdson presented members with a memorandum that is attached to and made a part of these minutes. Mr. Sigurdson stated that it is sometimes necessary to review advisory opinions that have been issued to see if a change in statute or the Board's interpretation of a statute warrants the revocation of an opinion. Mr. Sigurdson explained that when an advisory opinion is revoked by the Board, notice is sent to the requestor of the opinion and it is removed from the Board's website. Mr. Sigurdson said that Board staff recommends the revocation of six advisory opinions.

Mr. Sigurdson stated that Advisory Opinion 383 provides that costs for a candidate to attend a state party convention must be reported as campaign expenditures. Mr. Sigurdson said that in 2008 the legislature added a new noncampaign disbursement category for those expenses, so the conclusion that they must be reported as campaign expenditures is no longer accurate.

Mr. Sigurdson stated that Advisory Opinion 387 provides that credit card processing fees incurred by candidates must be reported as campaign expenditures. Mr. Sigurdson said that in 2010 the legislature added a new noncampaign disbursement category for those expenses, so the conclusion that they must be reported as campaign expenditures is no longer accurate.

Page 8 Draft Minutes July 6, 2023

Mr. Sigurdson stated that Advisory Opinion 428 provides that an association does not need to register with the Board and report the cost of communications that refer to state candidates as long as there is no coordination and the communications do not contain words of express advocacy. Mr. Sigurdson said that in 2023 the legislature changed the definition of "expressly advocating" to include not only specific words and phrases of express advocacy, but also functionally equivalent language, so the opinion's review of which communications are independent expenditures is no longer accurate.

Mr. Sigurdson stated that Advisory Opinion 443 provides that a candidate committee in Hennepin County could amend its registration to reflect the office to which the candidate currently seeks election. Mr. Sigurdson stated that the opinion was issued pursuant to a provision in Minnesota Statutes Chapter 383B and both that provision and the underlying statutes that formed the basis of the opinion were repealed by the legislature in 2021.

Mr. Sigurdson stated that Advisory Opinion 446 provides that a candidate may not use campaign committee funds to pay for a home security system or identity theft monitoring. Mr. Sigurdson said that in 2021 the legislature added a new noncampaign disbursement category for those expenses, so the conclusion that they may not be paid for using campaign funds is no longer accurate.

Mr. Sigurdson stated that Advisory Opinion 454 provides that under certain circumstances a political party unit may lease meeting space for use during the legislative session by elected members of the party and other individuals, including lobbyists, who pay a membership fee, without violating the prohibition on certain contributions during the legislative session. Mr. Sigurdson said that in 2023 the legislature expanded the prohibition to include contributions made before the session begins in order to attend an event during session or in order to gain access to a facility during the session, so the conclusion stated in the opinion is no longer accurate.

The following motion was made:

Member Leppik's motion: To revoke Advisory Opinions 383, 387, 428, 443, 446, and 454.

Vote on motion: Unanimously passed.

ADMINISTRATIVE RULES

Mr. Olson presented members with a memorandum that is attached to and made a part of these minutes. Mr. Olson stated that in June a memorandum describing the Board's intent to pursue rulemaking and seeking public feedback regarding the topics to be addressed was published on the Board's website. Mr. Olson said that emails containing a link to the memorandum and soliciting feedback were sent to each treasurer and candidate registered with the Board, each chair of a political committee or fund or party unit registered with the Board, and each lobbyist registered with the Board. Mr. Olson stated that the Board received feedback from five individuals as well as the Minnesota Governmental Relations Council (MGRC).

Page 9 Draft Minutes July 6, 2023

Mr. Olson explained that one individual suggested that the Board establish clear rules regarding disclaimers on campaign material disseminated via social media and that suggestion has been incorporated within the list of topics within the draft request for comments. Mr. Olson said that one individual stated that unpaid lobbyists should be treated differently than paid lobbyists, which is already the case as long as the individual spends \$250 or less on lobbying within a calendar year, excluding travel expenses and membership dues, and the \$250 threshold will increase to \$3,000 effective January 1, 2024, due to a change in statute. Mr. Olson stated that one individual suggested that the Board increase the maximum amount for an anonymous contribution that may be retained by the recipient. Mr. Olson said that this issue was discussed by the Board previously this year, but the \$20 limit is based on statutes and cannot be changed by rule. Mr. Olson stated that one individual said that it would be helpful if principal campaign committees and political committees and funds were alerted to 24-hour large contribution notice violations as soon as possible to avoid the accrual of a large late filing fee. Mr. Olson explained that when a 24-hour notice is not filed, the Board is typically not aware of the contribution necessitating the filing of the notice until it is disclosed within a periodic report of receipts and expenditures, which often occurs after the maximum late filing fee of \$1,000 has already accrued, so that issue cannot be remedied by rulemaking. Mr. Olson said that one individual offered feedback regarding two separate issues, with the first being that the Board should not be involved in Hennepin County elections. Mr. Olson explained that that is a decision the legislature made that cannot be addressed by rulemaking. Mr. Olson stated that the second issue is that the individual does not feel that the Board understands how difficult it has become for campaign finance filers to obtain the documentation necessary to open a bank account. Mr. Olson said that Board staff is aware of the issue and has worked with individual campaign finance filers to try to resolve issues related to opening a bank account, but the problem can't be remedied by administrative rulemaking because the Board cannot compel financial institutions to change the documentation they required to open a depository account.

Mr. Olson stated that the MGRC offered feedback regarding four specific words or phrases within the statutory changes concerning the lobbying program that will take effect in 2024, which it feels are vague or unclear. Mr. Olson said that the MGRC's feedback is well taken and Board staff intends to address those provisions.

Member Swanson suggested examining Minnesota Rules 4525.0220 regarding summary proceedings, specifically whether a complainant plays any role in the Board consideration of a request for a summary proceeding. Vice Chair Asp suggested including a review of Minnesota Rules 4525.0210 and 4525.0220, in part to expand the rules applicable after probable cause has been found. In response to a concern raised by Member Swanson there was discussion regarding whether a rule is needed to define the term spouse.

The following motion was made and then withdrawn:

Member Swanson's motion: To approve the request for comments as drafted with the deletion of campaign finance topic 6.

Page 10 Draft Minutes July 6, 2023

After discussion the following motion was made:

Member Asp's motion: To add Minnesota Rules 4525.0210 and 4525.0220, the definition

of "legislative caucus" established within Advisory Opinion 450, and defining the term "party's headquarters" as used in Minnesota Statutes section 211B.15, subdivision 8, to the list of rulemaking

topics.

Vote on motion: Unanimously passed.

The following motion was made:

Member Swanson's motion: To approve the request for comments as amended, with the

deletion of campaign finance topic 6.

Member Swanson spoke in opposition to drafting a rule that would create a loophole within the coordination statutes. Member Asp said that the intent is not to create a loophole but rather to provide clarity to those seeking to comply with the coordination statutes. Member Rashid spoke in favor of including campaign finance topic 6.

Vote on motion: Swanson voted in the affirmative, five members voted in the

negative.

After discussion the following motion was made:

Member Asp's motion: To approve the request for comments as amended.

Vote on motion: Unanimously passed.

The following motion was made:

Member Leppik's motion: To approve the resolution authorizing publication of the request for

comments.

Vote on motion: Unanimously passed.

Re: Executive Director's Report

Campaign Finance Reporter Online: The migration moving committees that have used the Campaign Finance Reporter software, or that filed paper reports, to the online application Campaign Finance Reporter Online (CFRO) is ongoing. Staff has notified candidate committees, political committees, and political funds of the need to use CFRO for the 2023 year-end report. Political party units will be notified in August. As of the date of this memo 124 committees that used Campaign Finance Reporter have now moved their financial records to CFRO, and 26 committees that previously filed on paper have set up CFRO accounts.

Political Contribution Refunds in 2022: The political contribution refund (PCR) program is administered by the Department of Revenue (DOR) as provided in Minnesota Statutes section 290.06. The program provides that an eligible Minnesota voter who makes a cash contribution to a candidate who has signed the public subsidy agreement, or to a major or minor political party unit, may apply for a refund from the DOR. In 2022, the maximum amount that could be refunded during the calendar year was \$50 per person, or \$100 per married couple. The DOR tracks refunds so that no individual receives more than a \$50 refund in a calendar year. Starting with contributions made in 2024, the maximum amount that may be refunded per calendar year will increase to \$75 per person, or \$150 per married couple.

The Campaign Finance Board provides a computer file to the DOR that lists all candidate committees that have a current public subsidy agreement on file and all political party units registered with the Board. The DOR uses that information to verify that the donor gave to a candidate or party unit eligible to issue a PCR receipt. The Board also provides paper PCR receipt forms to eligible candidates and party units and has developed the Campaign Finance Reporter software and Campaign Finance Reporter Online so that they can be used to generate a PCR receipt.

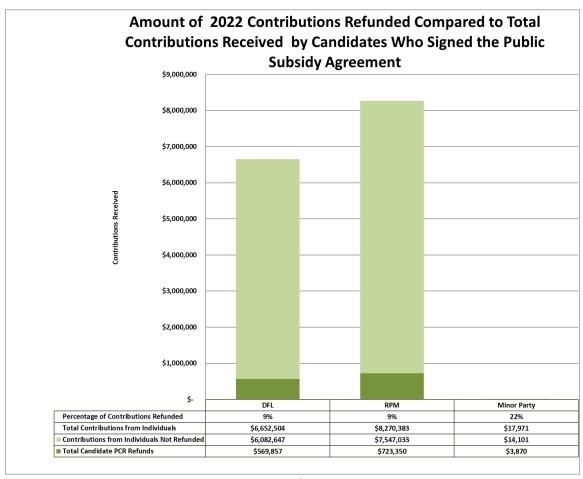

In August of each year the DOR reports to the Board the number of refunds, and the total value of the refunds, issued to donors in the prior calendar year. The report provides the refund totals for individual candidate committees and political party units. The report is posted on the Board's website at https://cfb.mn.gov/citizen-resources/board-programs/public-subsidy-of-campaigns/historical-use-of-public-subsidy-program/. On the website there are separate reports for candidates and party units for the years 2013 through 2022.

The Board compares the PCR refunds issued for contributions to candidates and political party units to the contributions disclosed on the reports of receipts and expenditures filed with the Board. The comparison is used to verify that the value of the refunds issued to contributors to a candidate or party unit do not exceed the contributions reported as received by that same candidate or party unit.

In 2022 the DOR issued 44,710 PCR refunds in the amount of \$3,022,597. Of that amount \$1,297,278 was issued for contributions made to candidates, and \$1,725,319 was issued for contributions to political parties.

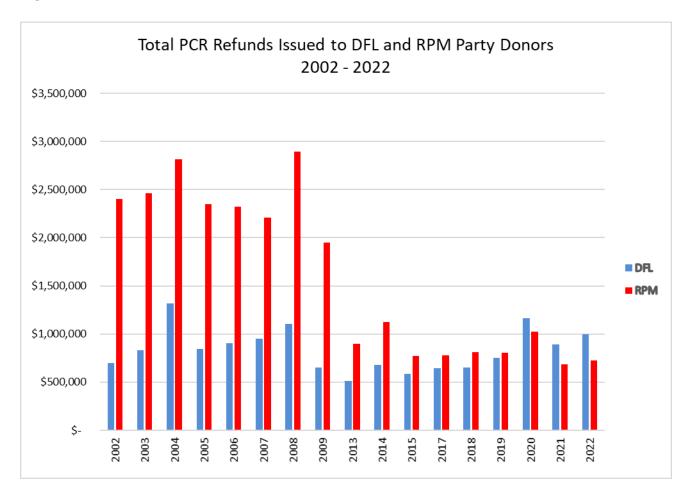

In 2022, individuals who contributed to RPM candidates were refunded about \$1,464,000 more by the DOR than contributors to DFL candidates. However, as a percentage of the total contributions received from individuals, the DOR refunded about 9% of all funds contributed to RPM candidates and about 9% for individuals who contributed to DFL candidates, as seen in Figure 1. Of note, Governor Walz did not sign the public subsidy agreement for the 2022 election, therefore his committee was not eligible to issue political contribution refunds. Scott Jensen did sign the public subsidy agreement, and the DOR issued \$154,425 in refunds for donations to the Jensen committee.

Figure 1

Historically, RPM party units have issued more PCR receipts than DFL party units, but for the third year in a row, individuals who contributed to DFL party units were refunded more, \$995,271, than contributors to RPM party units, \$728,533. Total refunds generated by contributions to political party units have increased over the last three years, but remain at a much lower level than occurred from 2002 to 2009, see Figure 2.

Figure 2

In 2022 contributors to minor political parties received the following total refunds: the Independence Alliance Party, \$400, the Legal Marijuana Now Party, \$165, the Libertarian Party of Minnesota, \$200, and the Grassroots Legalize Cannabis Party, \$750.

The 2022 reports for refunds issued broken down by specific candidate committees and political party units are attached to this report.

A. Discussion Items

1. Balance adjustment request – 44th Senate District DFL (Old) (20781)

The 44th Senate District DFL (Old) is one of the party units that needs to terminate due to redistricting. The party unit's treasurer, Kevin Hanstad, attempted to file a termination report; however, the ending cash balance was in the negative so the report could not be filed. The party unit paid out its remaining money and closed the bank account in May 2022. Board staff reached out to assist the party unit in resolving the problem and discovered that there is a discrepancy between the Board reports and the bank account.

The party unit's 2022 year-end report listed a beginning cash balance of \$8,964.78; however, the 2021 year-end report listed an ending cash balance of \$10,746.12. Those amounts should match but instead differ by \$1,781.34. If the 2022 beginning cash balance is changed to be the 2021 ending cash balance, and the rest of the party unit's 2022 year-end report remains the same, then the 2022 ending cash balance would be \$2,791.46.

Board staff spoke with Mr. Hanstad about the issue and we attempted to go back a few years to see if the problem is just with 2022 or 2023 and discovered that the reported ending cash balance from 2017 was also off from the bank balance. Mr. Hanstad was the treasurer starting in 2017 and did not want to spend any time working to find the issues, as he does not believe that he has the skills to perform such a task and the position is a volunteer position. Mr. Hanstad is requesting that the 2022 ending cash balance be adjusted downward from \$2,791.46 to \$0 in order to terminate the party unit. If that request is approved Board staff will work with Mr. Hanstad to file an amended 2022 year-end/termination report.

B. Waiver Requests

#	Committee/ Entity	Late Fee/ Civil Penalty	Report Due	Factors	Prior Waivers	Recommended Action

Megan, the purpose of this email is to provide a summary of our telephone conversation conducted at 1:00 this afternoon, as you requested.

- You stated that the Minnesota CFB has identified a discrepancy of approximately \$2,000 among the various records it maintains relative to the old Minnesota Senate District 44 DFL Central Committee's finances. You asked that I audit the CFR tool to identify the source of the discrepancy. I advised you that I have neither the required skill set nor the time to conduct such. As I said in our conversation, the Treasurer position of the Central Committee is a volunteer position.
- As you requested please find attached below the 2021 year-end, and 2022 final, US Bank statements.
- Finally, as we also discussed, please ask the Board to make a balance adjustment so that the CFR account may be terminated.

Hello Kevin,

Thank you for agreeing to speak with me again on Tuesday, July 25, 2023, at 1 pm. I do think part of the problem is that the 2022 beginning cash balance is not correct on the 2022 year-end report. Currently, on the 2022 year-end report, the 2022 beginning cash balance is \$8,964.78; however, according to the 2021 year-end report, the ending cash balance was \$10,742.12. The previous year's ending cash balance should be the next year's beginning cash balance. We need to amend the 2022 beginning cash balance to \$10,742.12. I will walk you thru making that change.

If we change the 2022 beginning cash balance, then add in \$3,674.50 (contributions) and subtract \$11,629.16 (expenditures and contributions to other party units as part of reconciliation), then your 2022 ending cash balance is \$2,791.46. Perhaps you double entered some contributions or missed recording some expenditures. It may help if you can have access to the bank statements from December 2021 to May of 2022, when you closed the bank account.

We can talk more on Tuesday. I hope you have a good weekend. Thanks!

Megan

Good afternoon Melissa. Sorry for the delay in generating the reports. Attempted twice with little success. However, this afternoon I was able to generate the three reports attached below. They were the only ones that I could generate that had any content of relevance. Please take a look and share your thoughts. Best Regards, Kevin

All of it. Go to Reports, board reports and hit the select all. Then do a print preview. I think you should be able to print them or save each one as a PDF. If this doesn't work, we may need to come up with something else.

We just need to find were the problem lies. Hopefully taking a look at each page something will stick out.

Good afternoon. I changed the second record of each of the two contributions to "zero" and entered the reason, so there is only one entry for each of the two contributions. The system still prevented me from submitting the amended report because of a negative balance. Kevin

Ok, instead, change the amount to \$0 and in the REASON BOX, put in data entry error. Do this for both records.

Good morning Melissa. Thank you for your direction. I went back into the reporter tool, found the entries, and tried to delete the duplicates. However the system denied me as the data had already "been reported to the Board". Thoughts? Best Regards, Kevin

Hi Kevin,

It looks like those records were already entered into the software when the 2022 year end report was filed. This left an ending balance of \$1010.12.

You can see the reports here:

https://cfb.mn.gov/reports-and-data/viewers/campaign-finance/party-unit/20781/2024/

The does need to be terminated but we somehow need that ending balance to be below \$100 before the system will allow us to do that.

Check in your software to see if you can see the 2 disbursements now listed twice. This would cause that negative balance.

If you see them, on each item go in and delete them. You will only be able to delete on the newest record.

Let me know how this goes and we will go from there.

Thanks,

Melissa M. Stevens

Good afternoon Melissa. I am the Treasurer of the old SD 44 DFL in Plymouth and Minnetonka. I returned home to Minnetonka this past Friday from Florida, where I spent the winter, to find your letter of April 10 requesting that I amend the old SD 44 DFL 2022 year-end report. Here is the situation from my perspective:

- I have no record of a contribution to the new SD 36 DFL in the amount of \$888.88.
- We closed out the old SD 44 DFL bank account on May 10, 2022 in the amount of \$6,932.91.
- We split the funds between the new SD 42 DFL and the new SD 45 DFL as calculated by the formula provided to us: \$4,413.32 and \$2,519.59, respectively.
- I didn't realize I needed to report this in the year-end 2022 report. I thought I was to report it when I terminate the old SD 44 DFL account in the CFR. Foolish, I now recognize.
- So, today, I entered the two disbursements cited above as contributions and tried to submit my amended report.
- However, the CFR did not allow me to do so as it cites a negative account balance.

So, I welcome your thoughts.

Best Regards, Kevin

Hello Megan,

Thank you for your call today in regards to the \$100 fine for the November late filing for 1st Judicial District, Republican Party. I spoke with Gary and he transferred me to Megan before the late date happened as I could not get the program to accept the transaction. The process required some additional information on an "In Kind" pmt, and we found out that notarized signatures were required to be filed Brigitte the system would accept our filing.

We proceeded to process all that was required for this transaction, but the process put us over the monthly due date.

We ask the Board to consider giving a credit to

1st Judicial District, Republican Party on this as the resolve took some time. We sure appreciate your consideration in this matter.

Sincerely, Laurie Wolfe, 1st Judicial District, Republican Party

Subject: Important Info New Reporting System

TO: Laurie Wolfe, Treasurer

1st Judicial District Republican Committee (#40959)

<u>SUBJECT</u>: Transition from Campaign Finance Reporter software (CFR) to Campaign Finance Reporter Online (CFRO)

The Board is ready to begin transferring political committees and funds to Campaign Finance Reporter Online (CFRO), which will replace the Campaign Finance Reporter (CFR) software. CFRO is web-based, and will allow individuals to update committee records and submit reports from any computer. Functionality has been updated, and the Board believes it is more user-friendly than CFR. Please take whatever action listed below that applies to you as soon as you are able.

You will need to file your 2023 year-end report with CFRO, as the Board will not support the CFR software starting this fall. You will need to be migrated to CFRO by November 1, 2023. Data that you have already entered into CFR for 2023 will be transferred into CFRO, as will any contributor or vendor you have setup in CFR. To help you get started with CFRO the Board has created new training videos on how to use the application that are available on our website: cfb.mn.gov/filer-resources/self-help/education-and-tools/online-videos/

Existing CFR Users: If your committee or fund already uses CFR, you will need to follow specific steps to migrate from CFR to CFRO. Here is a video that provides you step-by-step instructions to complete the migration: cfb.mn.gov/html/training/CFR/CFRO Migration/Migration.html

<u>Paper Filers</u>: If your committee or fund currently uses paper reports to complete your required campaign finance reports, you will need to email Jon Peterson at <u>jon.c.peterson@state.mn.us</u> so that he can provide you with the login credentials needed to start using CFRO. Minnesota Statutes section 10A.025 requires reports to be filed electronically. <u>All previously granted waiver requests for electronic filing have been revoked.</u> Waiver request based on the small size of the committee can be resubmitted for evaluation.

<u>Filers Using Other Service Providers</u>: You may continue with your current reporting system. If you want to migrate to CFRO, you will have to email Jon Peterson at <u>jon.c.peterson@state.mn.us</u> so that he can arrange for a different migration to CFRO for you.

As always, please contact Board staff with questions or concerns at cf.board@state.mn.us Thank you.

Hello Megan,

Our baby is finally stable. He has the trach out and while we are still dealing with the g/j-tube and a lot of other medical issues, he is home and we are functioning again.

I followed the steps you shared about closing the campaign account. I believe that I did it correctly with a donation going to a 503(c). I also made the corrections you noted and resubmitted an amended report. I do hope that I did it properly, please let me know if I made any mistakes.

Finally, I am requesting a waiver of the fine assessment against us for my failure to get the report done in time. As you know, our infant was in the hospital for a long, long time. He was there for a total of 538 days and was discharged with a trach. This meant that he required 24/7 awake, observation care. My husband, Jonathan, did the night shift. I did most of the days, worked from home, and watched the our other three kids. I would appreciate a waiver of the fine for my failure to get the report done in time for the 2022 year.

Please reach out if you have any questions or if you need more information on my campaign closure.

Subject: Rulemaking update

On July 24, 2023, the Board's request for comments was published in the State Register. Copies of the request for comments were mailed to members of the Senate Elections Committee and the House Elections Finance and Policy Committee. Copies were emailed to 2,709 unique recipients including those subscribed to the Board's rulemaking notice list or a list for those interested in receiving notices regarding Board meetings, decisions, and policies, as well as a number of organizations and officers of candidate committees, party units, and political committees and funds registered with the Board.

Comments may be submitted through September 22, 2023. As of the date of this memorandum the Board has received two comments. The first comment was supportive of a rule that would explicitly allow treasurers to group expenses together within campaign finance reports on a monthly basis if the expenses are for the same goods or services and from the same vendor. That topic was included within the Board's request for comments. The second comment was supportive of generally applicable limits on the amount of money a candidate may lend or contribute to their own committee. That was not a topic included within the Board's request for comments. Candidates who sign a public subsidy agreement are already limited in terms of the amount that they may lend or contribute to their own committee. However, the Board cannot adopt a rule with a similar limit applicable to candidates who decline to sign a public subsidy agreement, both because that would conflict with the intent of existing statutes and because it would likely violate the First Amendment under well-established United States Supreme Court precedent which provides that the state may limit the amount a candidate contributes to his or her own campaign only if the candidate voluntarily agrees to that limit².

During the 60-day comment period staff will work on drafting the proposed rule language for the rules that are technical or not expected to be controversial. Staff will also begin drafting the statement of need and reasonableness (SONAR), which is a detailed explanation of why the Board feels that the proposed rules are necessary, reasonable, and authorized by law.
