Proposed coordination rules

Note: Typically, draft rules use underlining to show changes to existing rules. The noncampaign disbursement and disclaimer draft rules use underlining in this way. Because the entire coordination part was new, however, there never was a need to use underlining to show new language. To those familiar with the use of underlining to show new language, the lack of underlining in the coordination draft has caused some confusion. In addition, when the Revisor of Statutes formats the coordination rules, all of the language will be underlined. To end the confusion about which language in the coordination rules is new and to conform to the Revisor's format, the coordination rules now will be underlined. Changes since the last meeting are highlighted in yellow.

4503.2000 COORDINATED EXPENDITURES.

Subp. 1. Candidate. For purposes of this part, "candidate" means a candidate as defined in Minn. Stat. section 10A.01, subdivision 10, the candidate's principal campaign committee, or the candidate's agent.

Subp. 3. Election cycle. For purposes of this part, "election cycle" has the meaning given this term in Minnesota Statutes section 10A.01, subdivision 16.

Subp. 4. Coordinated. For purposes of this part, "coordinated" means with the authorization or expressed or implied consent of, or in cooperation or in concert with, or at the request or suggestion of the candidate. A coordinated expenditure is an approved expenditure under Minnesota Statutes section 10A.01, subdivision 4.

Subp. 5. Spender. The definitions in Minn. Stat. section 10A.01 apply to the terms used in this subpart. For purposes of this part, "spender" means any of the following:

Subp. 8. Consulting services. For purposes of this part, “consulting services” means polling, communications planning and design, advertising, messaging, and any other service that involves campaign strategy. “Consulting services” does not mean printing or mailing campaign material, legal services that do not involve campaign strategy, accounting services, or costs for the use of a medium for communications purposes.

Subp. 9. General treasury money. For purposes of this part, “general treasury money” has the meaning given this term in Minnesota Statutes section 10A.01, subdivision 17c.

Subp. 10. Coordinated expenditures. An expenditure listed below, when expressly advocating for the election of the candidate or the defeat of the candidate’s opponent, is a coordinated expenditure that is not independent under Minn. Stat. section 10A.01, subd. 18:

- A. An expenditure made during an election segment by a spender for which the candidate, during that same election segment, has engaged in fundraising of money that is not general treasury money.
 1. Fundraising includes:
 - a. Soliciting, collecting, or directing money that is not general treasury money for or to the spender;
 - b. Providing names of potential donors of money that is not general treasury money to the spender; and
 - c. Appearing as a speaker at an event raising money that is not general treasury money for the spender.
 2. This item applies to fundraising for money that is not general treasury money by an individual prior to the individual meeting the definition of a candidate in Minn. Stat. section 10A.01, subd. 10.
 3. This item does not apply to a candidate’s fundraising on behalf of a party unit.
- B. An expenditure that reproduces or disseminates, in whole or in part, campaign material designed, produced, paid for, or distributed by the candidate.
 1. This item does not apply to:
 - a. Campaign material incorporated into a communication that advocates the defeat of the candidate who prepared the material;
 - b. Campaign material used in a news story or editorial; or
 - c. The reproduction or dissemination of a candidate’s campaign materials if the reproduction or dissemination costs \$20 or less.
- C. An expenditure made during an election segment for consulting services from a consultant that has also provided consulting services to the candidate or the candidate’s opponent during that same election segment.
 1. This item does not apply when the following conditions are met:

Commented [PJ(1)]: This item is being removed due to numerous comments from the public.

9/13/2017

- a. The consultant assigns separate personnel to the spender and the candidate;
 - b. The consultant has a written policy that describes the measures that the consultant has taken to prohibit the flow of information between the personnel providing services to the spender and the personnel providing services to the candidate;
 - c. The written policy has been distributed to all personnel and clients covered by the policy including the candidate and the spender;
 - d. The consultant has implemented the measures described in the written policy; and
 - e. No information has been shared between the spender and the personnel provided services to the spender and the candidate and the personnel providing services to the candidate.
- D. An expenditure made during an election cycle by a spender that:
1. Is not a party unit; and
 2. Was established, directed, or managed during the same election cycle by any of the following:
 - a. The candidate;
 - b. An individual who meets the definition of a candidate under Minn. Stat. section 10A.01, subd. 10, during the same election cycle; or
 - c. The candidate's spouse, child, parent, grandparent, sibling, or half sibling, or the spouses of such persons.
 - d. An agent of the candidate.
 3. This item does not apply to the spouse of the candidate's agent.
- E. An expenditure made after the spender receives from the candidate information that is not publically available regarding the candidate's campaign plans, strategy, or needs.
- F. An expenditure made when:
1. The spender provides information to the candidate regarding the expenditure's contents, intended audience, timing, location or mode, volume, or frequency; and
 2. The information is provided to the candidate before the expenditure is communicated to the public.
- G. An expenditure made with the candidate's participation in the following:
1. Any of the processes required for the creation and development of the expenditure, including budgeting decisions, media design, acquisition of graphics and text, production, and distribution of the final product; or
 2. Any decision regarding the content, timing, location, intended audience, volume of distribution, or frequency of the expenditure.

Commented [PJ(2)]: The candidate's spouse was left in this subpart on the grounds that the candidate and the spouse share living quarters and it therefore is unrealistic to believe that the spouse has no knowledge of the candidate's campaign.

The agent of the candidate was removed because agent is included in the definition of candidate.

Commented [PJ(3)]: Because the definition of the term "candidate" includes the candidate, the candidate's campaign committee, and the candidate's agent, the reference to the candidate's spouse in paragraph c technically would include the spouse of the candidate's agent. Subitem 3 therefore is included to specify that the provision does not apply to the spouse of a candidate's agent.

H. An expenditure made during an election cycle that was independent under Minnesota Statutes section 10A.01, subdivision 18, when made that is later used in whole or in part during the same election cycle by a candidate as campaign material.

Commented [PJ(4)]: This item is being repealed in response to numerous comments received from the public.

This item does not apply if the candidate pays the spender for the fair market value of the design or development costs expended to create the campaign material used by the candidate.

Subp. 11. Non-coordinated expenditures. An action listed below, by itself, does not establish that an expenditure made by the spender was coordinated with the candidate:

- A. A candidate asks a spender not to make any expenditure to support the candidate or oppose the candidate's opponent.
- B. An expenditure uses a photograph obtained from a publicly available source or public event.
- C. An expenditure uses information obtained from a biography, position paper, press release, or similar material about the candidate from a publicly available source or public event.
- D. The spender contributes to the candidate or endorses the candidate.
- E. An expenditure includes a hyperlink to the candidate's website or social media page.
- F. An expenditure appears in a news story, commentary, or editorial distributed through the facilities of any broadcasting station, newspaper, magazine, or other periodical publication.
- G. The spender discusses the candidate's position on a legislative or policy matter with the candidate. This item includes the sending, completion, and return of a survey conducted by the spender to determine whether to endorse the candidate.
- H. The spender invites the candidate to appear before the spender's members, employees, or shareholders including the candidate's participation in the event, unless the event promotes the election of the candidate or the defeat of the candidate's opponent, or the candidate requests or accepts campaign contributions at the event.

Commented [PJ(5)]: This language was added to ensure that candidates can complete policy surveys sent to them by outside groups for endorsement purposes.
