EXECUTIVE SUMMARY

The Campaign Finance and Public Disclosure Act (Minnesota Statutes Chapter 10A) requires lobbyists to report lobbying activity to the Campaign Finance and Public Disclosure Board twice each year. The Act also requires principals to file an annual report disclosing expenditures made to support lobbying in Minnesota. This summary is based on the reports of lobbyists and principals filed for calendar year 2024.

During 2024, 1,754 individuals were registered as lobbyists to represent 1,693 associations and individuals. When a lobbyist registers with an association, the lobbyist will select the general lobbying category of interests. The breakdown of principals by general lobbying categories starts on page 7.

Lobbyists filed 5,213 periodic reports for the twelve-month period, 95% of which were filed electronically. This summary includes a list of associations and the lobbyists that represented each association during 2024 along with the total disbursements made by each association. This information starts on page 13.

Principals filed 1,677 annual reports for 2024, 98% of which were filed electronically. Principal expenditures were disclosed in four numbers: 1) the amount spent to influence legislative action 2) the amount spent to influence administrative action by the Minnesota Public Utilities Commission (MN PUC) in cases of rate setting, power plant and power line siting, and granting of certificates of need; 3) the amount spent to influence the adoption of administrative rules by state agencies, boards, and commissions and 4) the amount spent to influence official actions of Metropolitan Governmental Units. Expenditures by principals may be rounded to the nearest $5,000 for reporting purposes. Principals reported a total of $97,260,966 in expenditures, with $83,333,551 of the total being expenditures for lobbying the legislative action, $9,807,175 lobbying the MN PUC, $1,614,497 lobbying administrative rules, and $2,505,743 in expenditures for lobbying the Metropolitan Governmental Units. This amount includes lobbyist salaries, advertising and public relations campaigns, grass roots lobbying, and all other lobbying disbursements made by the principals and lobbyists. Principals are required to itemize expenditures that exceed $2,000 spent on paid advertisements used for the purpose of urging the public to contact public and local officials to influence official actions (grass roots lobbying) during 2024. Principals reported a total of $5,542,345 in grass roots lobbying, which is reported by principal starting on page 551.

Lobbyists reported that 1,358 (80%) of the 1,693 principals represented made disbursements for lobbying purposes during 2024. The reports disclosed that 86% of lobbying disbursements were made for the purpose of influencing legislative action, 1% of disbursements were made to influence administrative action, 3% were made to influence the official actions of metropolitan governmental units, and 10% were made to influence the MN PUC. See page 9 for a comparison of total lobbying disbursements by type of lobbying reported and total lobbying expenditures reported by principals in 2023 and 2024.

Lobbyists must disclose gifts, loans, items, and services equal in value to $5 or more given or paid to officials by the lobbyist, the lobbyist's principal, or an employee of the lobbyist. 26 lobbyists reported giving items or benefits totaling $7,357 to 162 legislators, 2 constitutional officers, and 5 public officials. See page 167 for definitions and see subsequent pages for details of the gifts.

Xcel Energy Services, Inc. reported the largest total principal disbursements during the period. Minnesota Chamber of Commerce reported the largest total disbursements for legislative action lobbying. MN Solar Energy Industries Assn (MnSEIA) reported the largest total disbursements for administrative action lobbying. The largest total disbursements for attempts to influence actions of metropolitan governmental units was reported by the Save Local Restaurants. The largest total amount spent to influence administrative action by the MN PUC was reported by Xcel Energy Services, Inc. Complete lists of the entities that reported making the largest amounts of disbursements and the largest amounts of disbursements by type of lobbying begin on page 174.

LOBBYING OVERVIEW

What is lobbying?

Lobbying is attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or defined local officials. Any activity that directly supports this communication is considered a part of lobbying.

Who is a lobbyist?

For the purpose of this summary, "lobbyist" means:

1) An individual who is engaged for pay or other consideration of more than $3,000 from all sources in a year for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

2) An individual who is not compensated more than $3,000 but spends more than $3,000 in any year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

3) A non-elected local official or an employee of a political subdivision who spends more than 50 hours in any month attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit, other than the political subdivision employing the official or employee, by communicating with or urging others to communicate with public or local officials, including time spent monitoring any of the forenamed actions and related research, analysis, and compilation and dissemination of information relating to legislative, administrative, or metropolitan governmental unit policies in Minnesota.

Who is not a lobbyist?

1) An individual who merely communicates with a public official to obtain information or request an interpretation of a law, rule or agency action;

2) An individual who volunteers personal time to work without pay on a lobbying campaign and does not spend more than $3,000 on lobbying activities; and

3) An individual who provides administrative support to a lobbyist whose salary and expenses are reported by the lobbyist and who does not actually lobby.

About lobbyist registration

A lobbyist must register with the Campaign Finance and Public Disclosure Board on behalf of each association or individual that the lobbyist represents. Registration information includes the name and address of the registrant; the name and address of the association (including officers and directors) or individual represented; the lobbyist's reporting status; and a general description of subjects on which the lobbyist expects to lobby and the kind of action the lobbyist seeks to influence.

Principal

A principal is an individual or association that spends more than $3,000 in the aggregate in any calendar year to engage, compensate, or authorize the expenditure of money by a lobbyist; or is not included in the definition above and spends at least $50,000 in any calendar year in efforts to influence legislative action, administrative action, or the official action of metropolitan governmental units. A political subdivision (county, city, etc.) and public higher education systems, do not need to file a principal report.

Filing dates

Lobbyists	June 15	Disbursements made Jan 1-May 31
	January 15	Disbursements made June 1-Dec 31
Principals	March 15	Disbursements made in prior calendar year

Types of lobbying

Administrative action

- The adoption, amendment, or repeal of administrative rules by any official, board, commission, or agency of the state executive branch. Administrative action does not include the application or administration of an adopted rule.

Minnesota Public Utilities Commission

- The application of administrative rules in cases of rate setting, power plant and power line siting, and granting of certificates of need under Minnesota Statutes Chapter 216B.

Legislative action

- Action with regard to any bill, resolution, amendment, nomination, appointment, report, or any other matter which may be the subject of action by either house of the legislature or by any legislative committee, subcommittee, or commission. Legislative action includes gubernatorial approval or veto of any bill. The development of, in conjunction with a constitutional officer, prospective legislation or a request to a constitutional officer for support or opposition to introduced legislation is also legislative lobbying.

Metropolitan governmental unit action

- Certain official actions by an elected or appointed official made on behalf of a metropolitan governmental unit.

What is Reported by Lobbyists?

Lobbyists report their activity representing the association they represent for each of the four types of lobbying described on page four. When a lobbyist registers to represent an association, the lobbyist identifies the general lobbying categories that are of interest to the association. General lobbying categories are a set list of major topics for lobbying. The list can be modified by the Board with input from the lobbying community. For 2024 the list of general lobbying categories included the following 28 categories:

• Agriculture • Arts and Culture • Bonding • Business Regulation• Cannabis, Tobacco, Alcohol • Civil – Criminal Law • E-12 Education• Elections and Campaign Finance• Energy• Environment and Natural Resources • Food and Beverage Industry • Gambling• Health Care • Higher Education• Housing• Human Services • Insurance • Labor and Workforce Development• Local Government • Public Safety • Public Utilities Commission • Sports • State Government • Taxes • Technology and Communications • Transportation • Veteran Affairs

The number of lobbyists who registered to lobby on each of the general lobbying categories is found on page 7. The percentage of lobbyists that reported lobbyist activity within a general lobbying category is on page 8.

Within the general lobbying category, the lobbyist identifies specific subjects of interest to the association. For example, an association may be interested in the general lobbying category of Agriculture, and within that category lobbied on the specific subject of Feedlot Regulation.

Information on legislative lobbying reported in 2024 begins on page174. Information on lobbying to influence metropolitan governmental units begins on page 486. The associations that lobbied on administrative rules and their specific subjects of interest within the rules, starts on page 462. A list of association lobbying the Minnesota Public Utilities Commission starts on page 513. Before each section on a type of lobbying is a list of the

principals that reported the highest expenditures for that type of lobbying.

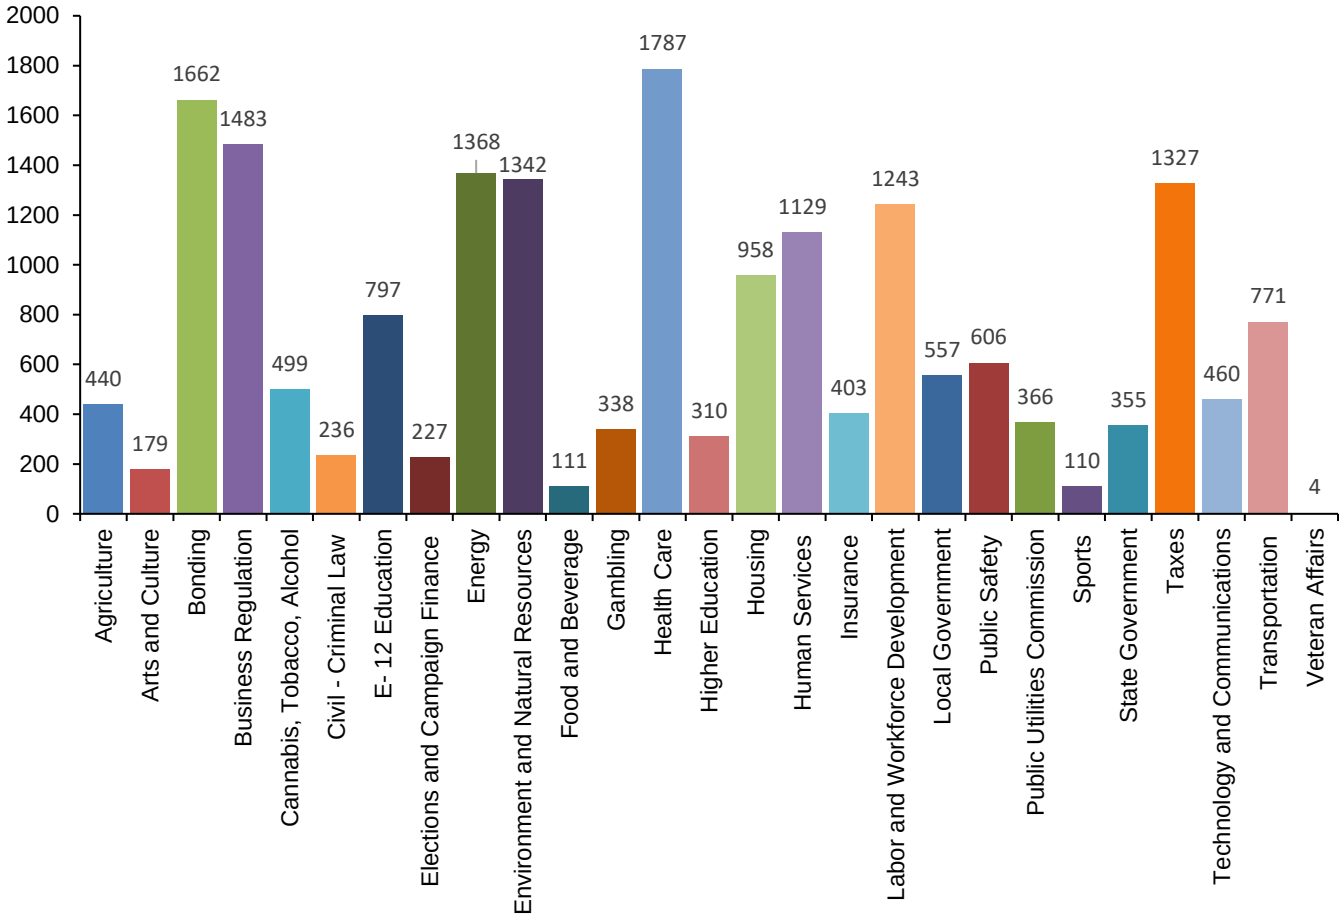
What is Reported by Principals

Lobbyist principals file an annual report that discloses the total amount spent by the association to lobby in Minnesota. The report discloses the amount spent in each of the four types of lobbying; legislative, administrative, Minnesota Public Utilities Commission, and metropolitan governmental units. A principal may round their total expenditures to the nearest $5,000 on the report.

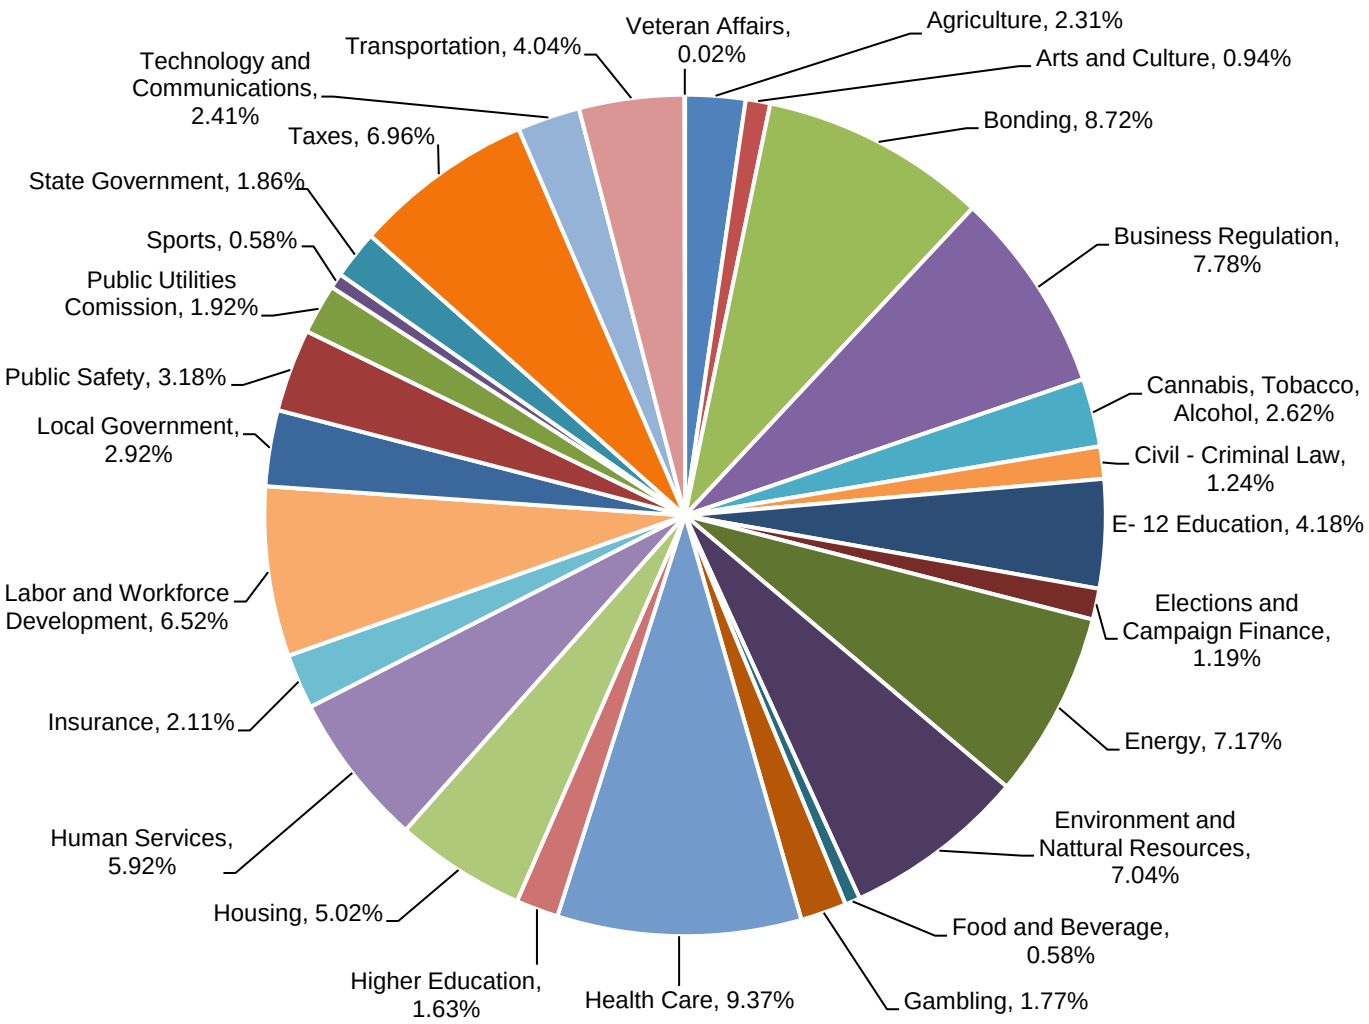
The amount spent by the association on lobbying includes the compensation paid to lobbyists, expenditures for advertising, mailings, research consulting, surveys, expert testimony, studies, reports, communications, and staff costs that support lobbying efforts. A list of principals, the lobbyists registered for the principal, and the amount spent in each of the lobbying categories starts on page 12.

Information on the total disbursements made by principals compared to other years, and by lobbying type, starts on page 10. A list of principals that spent over $250,000 to lobby in Minnesota starts on page 11.

Number of Active Lobbyist Per Lobbying Category as Reported in 2024



Percentage of Lobbying Activities Per Category Reported in 2024



STATISTICS

	Calendar Year 2023	Calendar Year 2024
Principals Represented	1,781	1,693
Principals who reported making disbursements	1,201 (67%)	1677 (99%)
Total Principal Disbursements	$98,410,487	$97,260,966

Some entities represented by lobbyists are not defined as principals and therefore are not required to file the Annual Report of Lobbyist Principal.

DISCLOSURE OF OTHER SOURCES OF FUNDS FOR LOBBYING PURPOSES

What sources must be disclosed?

A lobbyist must disclose the source of funds of more than $500 received for lobbying purposes from any individual or association other than the entity represented by the lobbyist.

What must be disclosed?

A lobbyist must report the name, address, employer or, if self-employed, the occupation, and principal place of business of each other individual or other association that paid more than $500 in a calendar year to be used for lobbying purposes. The actual amount of funds provided is not required to be disclosed.

REPORTED GIFTS, ITEMS OR BENEFITS TO OFFICIALS

Definitions

Officials as used in the statutory provisions related to disclosure of gifts, items, or benefits include:

• Public Officials

State legislators; constitutional officers and their chief deputies; commissioners, deputy or assistant commissioners of state departments designated in Minn. Stat. §15.01; solicitor general and assistant attorneys general; members, chief, and deputy chief administrative officers of boards and commissions with rulemaking authority; or designated legislative employees. A complete list of public official designees is available from the Board office and on the Board website at https://cfb.mn.gov/

• Local Officials of Metropolitan Governmental Units

A person who holds elective office in a metropolitan governmental unit or who is appointed to or employed in a public position in a metropolitan governmental unit in which the person has the authority to recommend, or to vote on as a member of the governing body, major decisions regarding the expenditure or investment of public money. A list of local official positions is available on the Board website at https://cfb.mn.gov/

• Legislative Employees

An individual employed by either house of the legislature.

Metropolitan Governmental Unit

Any of the seven counties in the metropolitan area as defined in section 473.121, subdivision 2; a regional railroad authority established by one or more of those counties under section 398A.03; a city with a population of over 50,000 located in the seven-county metropolitan area; the Metropolitan Council; or a metropolitan agency as defined in section 473.121, subdivision 5a. A listing of metropolitan governmental units is available on the Board website at https://cfb.mn.gov/

Disclosure

Any gift, loan, item, or service, including entertainment, food, beverage, travel, and lodging, equal in value to $5 or more, given or paid to an official by the lobbyist, the lobbyist's principal, or an employee of the lobbyist must be disclosed. This category does not include campaign contributions to candidates.

LISTS OF ENTITIES THAT REPORTED MAKING THE LARGEST AMOUNT OF DISBURSEMENTS IN 2024

Disbursements by Principals

Legislative Action	The entities for which principals report over $100,000 in disbursements to influence legislative action are listed on page 176. These 161 entities, comprising approximately 12% of all entities that made disbursements for legislative action, made a total of $43,350,258 in legislative action lobbying disbursements. This represents 52% of the $83,333,551 in total disbursements for legislative action reported by all principals.
Administrative Action	The entities for which principals report over $10,000 in disbursements to influence administrative action are listed on page 464. These 40 entities, comprising approximately 39% of all entities that made disbursements for administrative action, made a total of $1,375,732 in administrative action lobbying disbursements. This represents 85% of the $1,614,497 in total disbursements for administrative action reported by all principals.
Metro Gov Unit Action	The entities for which principals report over $10,000 in disbursements to influence the official action of a metropolitan governmental unit are listed on page 490. These 55 entities, comprising approximately 59% of all entities that made disbursements for metropolitan governmental unit action, made a total of $2,323,838 in metropolitan governmental unit action lobbying disbursements. This represents 93% of the $2,505,743 in total disbursements for metropolitan governmental unit action reported by all lobbyists.
MN PUC	The entities for which principals report over $10,000 in disbursements to influence public utilities commission are listed on page 515. These 52 entities, comprising approximately 74% of all entities that made disbursements for metropolitan governmental unit action, made a total of $9,750,664 in public utilities commission action lobbying disbursements. This represents 99% of the $9,807,175 in total disbursements for metropolitan governmental unit action reported by all lobbyists.
Total Lobbying	The principals that report over $250,000 in total disbursements to lobby in Minnesota are listed on pages 11 and 12. These 57 associations, comprising approximately 3% of all lobbyist principals, made $34,329,458 in lobbying disbursements. This represents 35% of the total $97,196,960 spent to lobby lobbying disbursements reported by principals in 2024.

Legislative Lobbying by Association and Topics of Interest

What is legislative lobbying?

Legislative lobbying means attempting to influence any of the following:

(1) the development of prospective legislation, including the development of amendment language to prospective legislation; or (2) the review, modification, adoption, or rejection by a member of the legislature or an employee of the legislature, if applicable, of any (i) bill, (ii) amendment, (iii) resolution, (iv) confirmation considered by the legislature, or (v) report; or
(3) the development of, in conjunction with a constitutional officer, prospective legislation or a request for support or opposition to introduced legislation; or(4) the action of the governor in approving or vetoing any act of the legislature or portion of an act of the legislature.

What must be disclosed?

When a lobbyist registers on behalf of an association the lobbyist identifies which of the general lobbying categories, or general areas that will be lobbied on. In 2024 the general categories were:

• Agriculture • Arts and Culture • Bonding • Business Regulation• Cannabis, Tobacco, Alcohol • Civil – Criminal Law • E-12 Education• Elections and Campaign Finance• Energy• Environment and Natural Resources • Food and Beverage Industry • Gambling• Health Care • Higher Education• Housing• Human Services • Insurance • Labor and Workforce Development• Local Government • Public Safety • Public Utilities Commission • Sports • State Government • Taxes • Technology and Communications • Transportation • Veteran Affairs

When the lobbyist reports their legislative lobbying activity for the association they provide up to four specific topics that were lobbied on within a general lobbying category. The following pages is first sorted alphabetically by general lobbying category, then the associations that conducted legislative lobbying within the category, and then the specific subjects of interest for the association within that category.

Administrative Lobbying by Agency and Topics of Interest

What is administrative lobbying?

Attempting to influence the adoption, amendment, or repeal of administrative rules by any board, commission, or agency of the state executive branch. Administrative action does not include the application or administration of an adopted rule.

What must be disclosed?

When a lobbyist reports administrative lobbying, they disclose the board or agency that is modifying administrative rules, and identify the specific subjects within the administrative rules that are of interest to the association that they represent. The following pages list the administrative lobbying in 2024 first by the state agency that was promulgating the rules, then the associations that lobbied on the administrative rules with the specific subject of interest to the association.

Associations with Disbursements of Over $10,000 to Influence Administrative Action

Association or Individual Represented	Administrative Disbursement
MN Solar Energy Industries Assn (MnSEIA) (6366)	$161,275
Scientific Games, LLC (976)	$92,000

Lobbying of Metropolitan Governmental Units

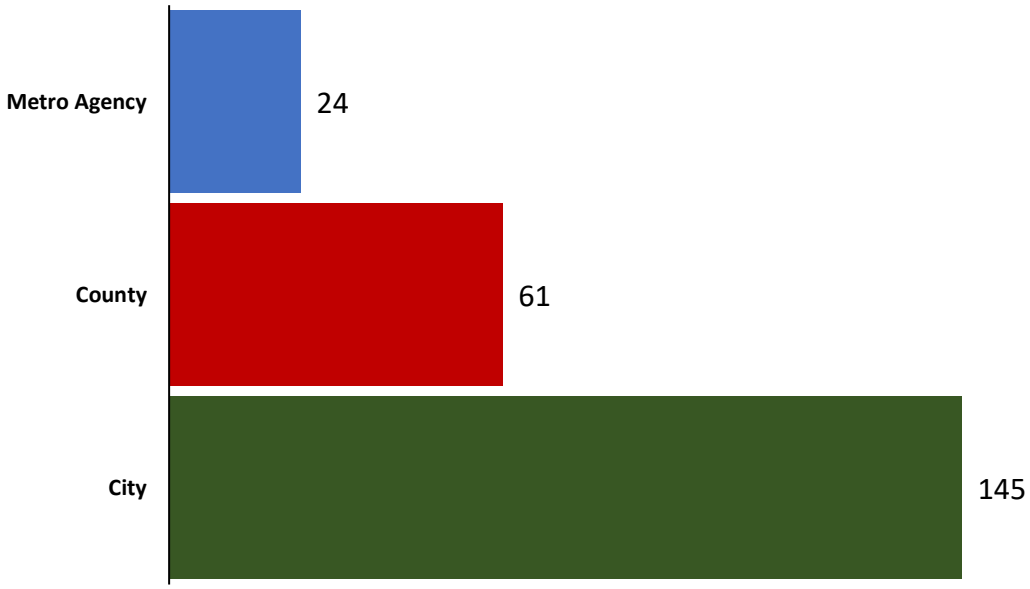
What is lobbying of Metropolitan Governmental Units?

For the purpose of lobbying, a metropolitan governmental unit means the seven counties in the metropolitan area, any city within those seven counties that have a population of over 50,000, a regional railroad authority within those seven counties, and the Metropolitan Council, the Metropolitan Airport Authority, and the Minnesota Sports Facility Authority. Attempting to influence an official action of elected officials, and certain appointed officials, within a metropolitan governmental unit is lobbying.

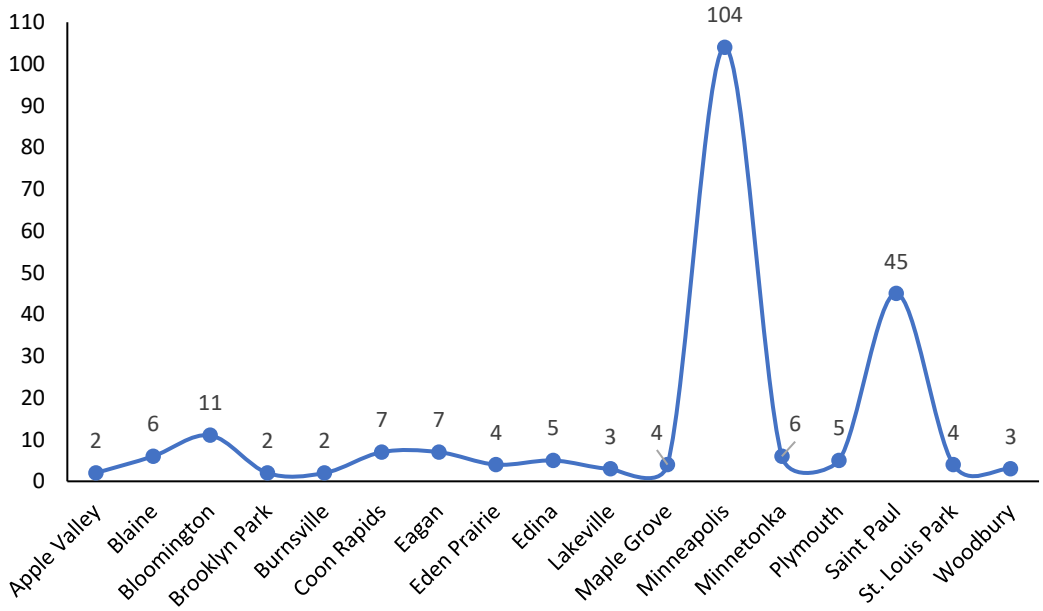
What must be disclosed?

When a lobbyist reports lobbying of a metropolitan governmental unit they disclose the county, city, regional railroad authority or metropolitan agency that was lobbied, and the general lobbying category and specific subject of interest that was of interest to the association the lobbyist represented. The following pages list the reported lobbying of metropolitan governmental units in 2024 sorted first by county, then by city, then by metropolitan agency. The association that lobbied the metropolitan governmental unit is listed, along with the general lobbying category, and the specific subject of interest to the association.

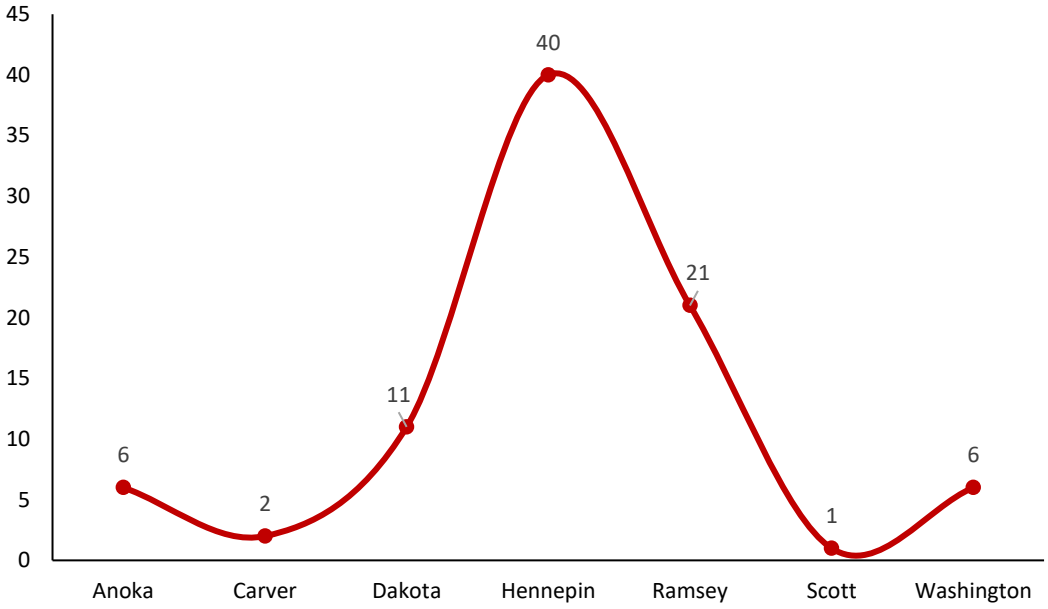
Number of Associations Lobbying Metropolitan Governmental Units by Subdivision Type



Number of Associations Lobbying Metropolitan Cities



Number of Associations Lobbying Metropolitan Counties



Number of Associations Lobbying Metropolitan Agencies

Lobbying of the Minnesota Public Utilities Commission

What is lobbying of the MN Public Utilities Commission?

Attempting to influence the MN Public Utilities Commission when it applies administrative rules in cases of rate setting, power plant and power line siting, and granting of certificates of need under Minnesota Statutes Chapter 216B.

What must be disclosed?

Lobbyists must disclose the docket number and project name that their association is attempting to influence. The following pages show the lobbying of the MN Public Utilities Commission in 2024, and is sorted first by association, and then the docket number and name of the project that was lobbied on. There are two lobbyist reporting period within a year, the first covers lobbying activity from January through May, the second covers June through December. The lobbying period that disclosed the activity is also listed, if a docket number/project is listed twice for an association that indicates that it was identified as a subject of lobbying in both reporting periods.

Associations with Disbursements of Over $10,000 to Influence Public Utilities Commission (PUC) Action

Association or Individual Represented	PUC Disbursement
Xcel Energy Services, Inc. (660)	$3,565,000
Great River Energy (4804)	$820,000
Otter Tail Power Company (685)	$417,000
Summit Carbon Solutions (7893)	$354,664
NextEra Energy Resources LLC (6882)	$323,000
ONEOK (5543)	$320,000
Dairyland Power Cooperative (5538)	$295,000
Dodge County Wind LLC (7475)	$280,163
Onward Energy (8125)	$272,750

Expenditures for Grass Roots Lobbying

What is Grassroots Lobbying

Grassroots lobbying occurs when an association attempts to influence legislative action, administrative action, or the official action of a metropolitan governmental unit, by communicating with and urging the public to contact their public or local officials and urge action on an issue.

What is disclosed?

Lobbyists do not report information on grassroots lobbying efforts. The lobbying principal includes the amount spent on grassroots lobbying when reporting the total spent by the association on their annual report. If the principal spends more than $2,000 for paid advertising used for the purpose or urging members of the public to contact public or local officials to influence official actions, then the principal must disclose the date that the advertising was purchased, the name of and address of the vendor, a description of the advertising purchased, and any specific subjects of interest addressed in the advertisement. The following pages list the principals that reported expenditures for grassroots lobbying advertisements, and then information on the advertisement purchased.

Total Spending on Grass Roots Lobbying
January 1 through December 31, 2024
